‘Human Events Daily with Jack Posobiec’ Skyrockets to #1 on Apple Podcast Charts

LIVE, the all-new activist media hub Powered by Turning Point USA*

PHOENIX, Sept. 17, 2021—A new daily 30-minute streaming show and podcast brought to you by a former Navy intelligence officer, has skyrocketed to the top of the podcast charts. In its premiere week, reporter, social media star, and senior editor of *Human Events*, Jack Posobiec, has taken his unique brand of cutting-edge analysis with a Philly-honed sense of humor and translated it into multiple new mediums by launching “Human Events Daily with Jack Posobiec” powered by Turning Point USA.

Within three days of launch, his show reached #1 on Apple Podcast Politics charts, which remains podcasting's most popular platform with an estimated 70 percent market share. Jack [tweeted](#) his appreciation to his fans earlier, saying, "God bless you all, thank you," along with an image of his show in the top position.

The successful launch of this daily news show is due in large part to Posobiec's experience working in intelligence, as well as his wide network of well informed sources inside and outside the beltway. As [one reviewer](#) put it, "Posobiec offers topics that are of interest to conservatives, but the take is fresh, forthright, and coming in at under 30 minutes, digestible."

"The early internals we're seeing on this podcast and streaming show are hitting our mark and the audience response has been tremendous," says Posobiec. "This is why the gatekeepers in the legacy media want to censor bold American voices with real world experience that provide military-grade analysis and executive intel. When we provide value, we succeed."

"Jack is a special talent," says Turning Point USA founder and president, Charlie Kirk. "He's become a go-to source for many conservatives and curious liberal media reporters alike. He breaks stories hours and sometimes days before the rest of the media catches up. We are excited to partner with Jack on TPUSA LIVE and we really believe that Human Events Daily will be an incredible success for years to come."
