Turning Point USA's New Alumni Association Officially Launches Nationwide

The Alumni Association is designed for anyone not currently a student who supports TPUSA's movement and mission.

PHOENIX, May 11, 2022—Turning Point USA has officially launched its brand-new Alumni Association. This widely anticipated program is designed to be a post graduation home for the hundreds of thousands of students, chapter members, officers, and student staffers who have engaged with Turning Point USA programs since its founding. Simultaneously, the Alumni Association will strive to cultivate a robust network of 22 to 40-year-old, young professionals who have no previous connection to the organization but want to build a closer connection with Turning Point USA's mission and activities.

Alumni Association members will enjoy quality experiences, access to select Turning Point USA events, ample networking opportunities, and many more exclusive benefits. Some of these benefits include a mentorship program, access to a quarterly job board featuring pro-American companies and organizations, exclusive meet and greet opportunities at national events, and regional alumni gatherings throughout the year.

Ultimately, the TPUSA Alumni Association seeks to empower young professionals through an Alumni Network rivaling those of any other alma mater, but specifically tailored for conservatives. Additionally, the program will promote Turning Point USA's DivestU initiative, supporting members who decide to "divest" or pull donations to their former universities and instead divert those resources to institutions and organizations that support their values.

While all Association members will have access to the monthly e-newsletter and an opportunity to apply for our unique Mentorship Program, each tier offers additional benefits and offers.
