Turning Point USA's AmericaFest Returns for a Second Year

"AmericaFest helped to set a whole new standard for how events in the conservative movement were created. We plan on going even further."

– Charlie Kirk, Founder and CEO of TPUSA

PHOENIX, August 18, 2022—Turning Point USA is proud to announce the return of the largest pro-America event in the country coming up in Phoenix, Ariz., December 17-20, 2022. The second-annual AmericaFest is dedicated to celebrating American greatness and in just its first year, set the standard for events in the conservative movement—and is gearing up to do it later this year.

AmericaFest is a four-day experience featuring dozens of the biggest speakers in the movement and will also include a multi-night concert featuring musical artists and cultural icons. The combination of political and cultural commentary alongside artistic performances helps set AmericaFest apart from any other event.

AmericaFest will spotlight the American values of freedom, free markets, and family, empowering attendees to leave energized and inspired about the American project as well as connected to a whole new network of passionate citizens. The growing demand for unity and community in the conservative movement has been met by Turning Point USA's events, as patriots come from all walks of life and from all fifty states to celebrate America.

"AmericaFest, in just its first year, helped to set a whole new standard for how events in the conservative movement were created and produced," says Turning Point USA Founder Charlie Kirk. "We plan on building off what we accomplished last year and going even further. We really expect this will be the event of the year for people that love America and want to get involved in helping preserve and restore this amazing country for future generations."
